Summary

I am a recent graduate of the TEKY coding bootcamp. Though I had no background in technology, I was selected for the program from over 800 applicants. Over the last 8 months, I have been challenged both mentally and emotionally on a daily basis. My skills and experience from this program are listed below. They illustrate my tenacity and ability to learn. I am a hardworking, dedicated employee with a strong work ethic seeking to an entry level position that will allow me to continue learning and use my new skills to benefit my employer. I am very passionate and dedicated to this field of work and wish to continue in this new phase of my life.
